SPECIFIC COMMENTS TO AUTHORS

A formal definition of aerodigestive programs may be needed. What is an aerodigestive program and what are its component? The purpose of the review needs to be included in the introduction. “There is growing literature ----- concept for aerodigestive programs” –Please provide references to support it. What is the indication of triple endoscopy in these patients? The message of the review is not very clear. The flow of ideas can be improved. The readers may get lost into the article with no clear benefit. What are we exactly dealing with? Is it triple endoscopy, aerodigestive program, or both?
