25.03.2022

Dr. Lekshmi R Nath
Pharmacognosy Department
Amrita Institute of Medical Sciences
Kochi, Kerala.

Dear Dr. Lekshmi R Nath:

The management is pleased to provide a seed grant support for your work entitled :
'Development of an experimental model using saturated high fat and high sugar diet and evaluating the effect of Kaempferol in TGF- β 1 mediated progression of Non-alcoholic fatty liver disease (NAFLD) to Non-alcoholic steatohepatitis (NASH) using the same experimental model'. The support amount is Rs. 3,88,856/-. The start date of the grant is effective from March 28, 2022 and will expire on March 27, 2023. The following are the conditions for the receipt of this grant :

1. You are required to publish at least one paper in a Scopus or Pub-med indexed journal by the end of one year.
2. You need to provide a quarterly update in writing with actual results of the progress.
3. You will submit a full proposal to the government as a follow up to this funding using the seed data that you generate from this support and based on what you have described in your initial proposal.
4. All expenses for the purpose of this grant should be routed through the Office of Grants and Contracts Administration (OGCA).

Sincerely,

Dr. Shantikumar.V.Nair
Dean, Amrita Vishwa Vidhyapeetham,
