Sir,

This is with reference to the English Editing Certificate for nonnative speakers. English is our second language and here in Pakistan the medium of education is English throughout the primary and higher school education as well as in graduate schools. I have published many papers as an author and I never consulted commercial services for English editing. I request you to kindly review the paper. I hope that you will find it appropriate for English language and grammar as well as scientific content.

I thank you for your kind support

Sincerely,

A handwritten signature in blue ink, consisting of a circle with a stylized 'K' and 'H' inside, followed by a long horizontal stroke.
