

Editing Certificate

This document certifies that the manuscript listed below has been edited to ensure language and grammar accuracy and is error free in these aspects. The logical presentation of ideas and the structure of the paper were also checked during the editing process. The edit was performed by professional editors at Editage, a division of Cactus Communications. The author's core research ideas were not altered in any way during the editing process. The quality of the edit has been guaranteed, with the assumption that our suggested changes have been accepted and the text has not been further altered without the knowledge of our editors.

MANUSCRIPT TITLE

Intratracheal Transplantation of Human Umbilical Cord-derived Mesenchymal Stem Cells Attenuates Hyperoxia-induced Multiple Organ Injury in Neonatal Rats via HO-1 and Jak/Stat Pathways

AUTHORS
