duševné
zdravie

Ethical Committee Approval

The internal ethical committee of the non-governmental organization League for Mental Health (Liga za duševné zdravie SR) has approved the implementation of a survey of depressive and anxiety symptoms. The survey will be carried out in a sample of Slovak population with instruments GAD-7 and PHQ-9 by the survey agency 2muse s.r.o in July 2021.

On behalf of the League for Mental Health,

Martin Knut
director
