To Whom It May Concern:

This letter confirms that a manuscript entitled *Perioperative Anesthesia Management in Pediatric Liver Transplant Recipient with Atrial Septal Defect: Case Report* from Dr. Lan Liu and colleagues has been copy edited at **BioMed Proofreading® LLC** by native English speakers with related biomedical background.

However, this certificate is void if the entire manuscript was not provided for this purpose, or if changes/additions were made to the revised draft once services of **BioMed Proofreading® LLC** were fulfilled.

Sincerely,

**BioMed Proofreading®, LLC**

**BioMed Proofreading® LLC** is a leading English-language copy-editing company founded in 2003 and USA based, focusing on biomedical manuscripts. Our contingent of editors includes medical and life science professionals with extensive experience as authors or referees for peer-reviewed biomedical journals. During the past two decades, we have proudly served scientists throughout the world, earning a stellar reputation. A number of reputable publishers will attest to our success in this realm, particularly those engaged in the following periodicals: *Journal of Pediatric and Neonatal Individualized Medicine* (Italy), *Journal of Human Kinetics* (Poland), *Kyushu University* (九州大学, Japan), *Phycology Research Group* (Czech Republic), *Chinese Medical Journal*, *Brazilian Journal of Microbiology*, *Journal of Biomedical Nanotechnology* (American Scientific Publishers), *Science of Advanced Materials* (American Scientific Publishers), *Brazilian Journal of Medical and Biological Research*, *Acute and Critical Care* (South Korea), *Korean Journal of Critical Care Medicine*, and *Shengjing Hospital of China Medical University* (中国医科大学附属盛京医院, 2010-2021) .
