

Format for ANSWERING REVIEWERS

May 26, 2014

Dear Editor,

please find enclosed the edited manuscript in Word format (file name: 7749-review.doc).

We are resubmitting a thoroughly revised version of our manuscript. We have carefully read the reviewers' comments and made all of the suggested changes. They are highlighted in yellow in the revised manuscript.

Title: Endoscopic ultrasound guided fine needle aspiration and useful ancillary methods

Author: Mario Tadic, Tajana Stoos-Veic, Rajko Kusec

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 7749-review

The manuscript has been revised in accordance with the reviewers' suggestions:

1 The format has been updated

The key words have been included in the manuscript

Table 1 has been moved to the end of the manuscript

2 Revisions have been made according to the reviewers' suggestions

(1)

1. The manuscript has been proofread and the language corrected.

2. The draft of the revised manuscript has been cleaned up before submission.

(2)

1. We have enlarged our discussion about the EUS-FNA complications and broadened our conclusion

2. We have corrected the numbers corresponding to the bibliographic references.

(3)

1. The parts of the abstract, introduction, core tip and the body of the text were in part rewritten to clarify what kind of lesions we discuss in this manuscript

2. All abbreviations have been spelled out first

3. Medications that affect coagulation process have been commented

4. Recommended references have been included

3. References and typesetting were corrected according to the WJG style form for Topic Highlights

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Mario Tadic MD, Tajana Stoos-Veic MD, Rajko Kusec MD
