Approval number 65/2021

### **APPROVAL OF STUDY DESIGN**

The Ethics Committee of the School of Physical Education and Sport Science at Thessaloniki hereby approves the design of the study titled “The effect of a personalised training programme on the functional ability and the quality of life of candidates for liver transplantation,” as submitted by Mr Ilias-Marios Oikonomou, because it fulfills the criteria of good scientific practice, as set out in the Regulation of Principles and Operation of the Research Ethics Committee of the Aristotle University of Thessaloniki and in the existing legislation.

On behalf of the Committee

Professor Vassilis Mougios
