

March 25, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 7827-review.doc).

Title: Protein kinases is a potential target to treat inflammatory bowel diseases

Author: Yutao Yan

Name of Journal: *The World Journal of Gastrointestinal Pharmacology and Therapeutics*

ESPS Manuscript NO: 7827

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) To make this review more understandable, we invited Miss Ijeoma Okoro, a native English speaker and a PhD candidate at Georgia State University, to critically read the manuscript

(2) We integrated one table and two figures into this manuscript, which make it more logic.

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Peter Laszlo LAKATOS, MD, PhD
