

Dear Editor

thanks for the valuable suggestions.

We made the corrections recommended by the reviewers and revised the English.

We used the “Format for Manuscript Submission: Letter to the Editor” and [“Guidelines for Manuscript Preparation and Submission-Letters to the Editor.pdf”](#) download by your page, to revise our article.

We submitted the article to the filipodia site for grammar corrections of the English language and of the document format.

Best regards

Serafino Vanella
