

March 10, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: TREVISANI\_Manuscript NO 8014).

**Title:** COLONOSCOPY, PAIN AND FEARS. IS IT AN INDISSOLUBLE TRINOMIAL ?

**Author:** Lucio TREVISANI, Angelo ZELANTE, Sergio SARTORI

**Name of Journal:** *World Journal of Gastrointestinal Endoscopy*

**ESPS Manuscript NO:** 8014

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewers:

- a) Reviewer 00033295: Some comments on the CAPS system for controlled anesthesia during endoscopy have been added (see Sedoanalgesia Practices)
- b) Reviewer 00047067: The PillCam Colon and the Endotics system have been removed from the Conclusion and have been reported in the main text (see New Endoscopic Technologies for Colon Examination)
- c) Reviewer 00504704: A) The trivial errors have been amended. B) The title has not been modified because I think our title is more interesting and endearing for the readers than the title proposed by the referee. Anyway, if you think that the title should be modified, we consent to modify it with "Methods to Control Discomfort During Colonoscopy. A Review"

3 References and typesetting have been corrected

Thank you again for publishing our manuscript in the *World Journal of Gastrointestinal Endoscopy*.

Sincerely yours,

Lucio Trevisani
