Language editing certificate of the revised manuscript

The manuscript "**Growth Hormone and Gastrointestinal Malignancy: An Intriguing Link**" was re-edited carefully by one of the co-authors, Dr. Sadishkumar Kamalanathan. He is currently working as a professor in the department of Endocrinology at Jawaharlal Institute of Postgraduate Medical Education and Research (JIPMER), Puducherry, India. He has more than 100 international peer-reviewed publications and 10 book chapters in English. He is an accomplished peer reviewer in journal like Journal of Clinical Endocrinology and Metabolism, BMJ case Reports, Indian Journal of Medical Research, Indian Journal of Endocrinology and Metabolism, etc. He is also current associate editor of BMC Endocrine disorders. He is also an ad-hoc reviewer of abstracts submitted for the last eight US Endocrine Society's annual ENDO meetings (2015-2022).
