Dear Dr. Konar,

Thank you very much for your presentation on clinical trial for "Efficacy and safety of PEG-Inferon (peginterferon alpha-2b) for the treatment of chronic hepatitis C - An open-label, multicentre study in India" which we have reviewed thoroughly in the institutional Ethical Committee of Peerless Hospital & B K Roy Research Centre in the meeting held at Peerless Hospital & B K Roy Research Centre on 5th January, 2011 and 11th April, 2011 respectively.

Members present in the said Ethical Committee meeting have unanimously agreed and suggested to reconsider the following points;

- The Ethical Committee discusses all the ethical issues of the project proposal of Dr. A. Konar (Safety and Efficacy of PEG-Interferon) and appreciating the urgency of the study (as presented by the Principal Investigator) has given their PROVISIONAL CLEARANCE for the study subject to approval of the Informed Consent by the Sponsorers containing the necessary criteriae as mentioned by Ethical Committee in the previous meeting, held on January 05, 2011.

As soon as you get the modification of the above point, please let us know for further proceedings.

Thanking you,

Yours faithfully,

Dear Dr. Konar,

Thank you very much for your presentation on clinical trial for "Efficacy and safety of PEG-Inferon (peginterferon alpha-2b) for the treatment of chronic hepatitis C – An open-label, multicentre study in India" which we have reviewed thoroughly in the institutional Ethical Committee of Peerless Hospital & B K Roy Research Centre in the meeting held at Peerless Hospital & B K Roy Research Centre on 5th January, 2011.

Members present in the said Ethical Committee meeting have unanimously agreed and suggested to reconsider the following points;

- Reimbursement of travel expenses should be provided to all the patients with one attendant, if needed, for traveling to and from the hospital for the study, which will be borne by the sponsor company.
- The patients should be given further treatments and/or rehabilitation (if necessary) if any damage / complications / adverse effect ~~causes to~~ arises affecting the patients, due to the study.
- Consent form should also be printed in Bengali language along with English and Hindi.
- In the consent form there should be a clear indication that damage caused by this trial should be covered by the Insurance Company i.e. the New India Assurance company Limited.
- The patients taking part in the study should be clearly informed as to how they will get benefit in future course if they have to receive the same medication in future.
- Regarding compensations for any damage due to the study, the consent form should clearly mention that Peerless Hospital & B K Roy Research Centre shall not be held liable for any compensation if any question arises and it has no role in the study. The sponsor shall keep the patient indemnified against all damage, if any, caused to the patient through insurance coverage under The New India Assurance Company Limited as per their terms and conditions..
- Patient should be given sufficient and reasonable time to examine all the papers and other factors which he/she may consider necessary before giving consent to the study for the purpose and time should also be given to enable the patient to consult with others before giving consent.

As soon as you get the modification of the above points, please let us know for further proceedings.
