

## ANSWERING REVIEWERS

February 1, 2023

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 82404-review).

**Title:** Therapeutic possibilities of gut microbiota modulation in acute decompensation of liver cirrhosis

**Author:** Dmitry Victorovich Garbuzenko

**Name of Journal:** *World Journal of Hepatology*

**Manuscript NO.:** 82404

1. Revision has been made according to the suggestions of the reviewer (number ID 05346014):

(1) The language has been edited.

The author would like to thank the reviewer for a positive conclusion regarding this manuscript.

2. Revision has been made according to the suggestions of the reviewer (number ID 05665395):

(1) The language has been edited.

(2) Figure 1: Endogenous mechanisms of acute decompensation and concomitant multiple organ failure in liver cirrhosis have been added to the "SYSTEMIC INFLAMMATION AS A MAIN DRIVER OF ACUTE DECOMPENSATION IN LIVER CIRRHOSIS" section.

(3) The highlights of the manuscript have been supplemented and improved by the results of the latest cutting-edge research on the topic under discussion.

Thank you again for publishing my manuscript in the *World Journal of Hepatology*.

Sincerely yours,

Dmitry Victorovich Garbuzenko, MD, PhD, DSc (Med), Professor

Professor of Department of Faculty Surgery

South Ural State Medical University

Box 12317, Chelyabinsk
