

PEER-REVIEW REPORT

Name of journal: *World Journal of Gastroenterology*

Manuscript NO: 85577

Title: Progress in immunotherapy for neuroendocrine neoplasm of the digestive system

Provenance and peer review: Unsolicited Manuscript; Externally peer reviewed

Peer-review model: Single blind

Reviewer's code: 02461622

Position: Peer Reviewer

Academic degree: MD, PhD

Professional title: Professor

Reviewer's Country/Territory: Spain

Author's Country/Territory: China

Manuscript submission date: 2023-05-04

Reviewer chosen by: AI Technique

Reviewer accepted review: 2023-05-09 03:33

Reviewer performed review: 2023-05-17 08:20

SPECIFIC COMMENTS TO AUTHORS

This review summarizes the clinical progress of immunotherapy in neuroendocrine neoplasms of the digestive system, in particular the application of programmed cell death protein 1/programmed death receptor ligand 1 inhibitors, and to further explore the values and beneficiary population. The structure of the review is clear and the manuscript is very well written. After a minor editing, it can be accepted for publication.

SPECIFIC COMMENTS TO AUTHORS

This is an interesting review of the research progress in immunotherapy for neuroendocrine neoplasm of the digestive system. The clinical progress of immunotherapy in neuroendocrine neoplasm of the digestive system is well summarized. The references list is updated. The words in the table are too small, please make a update, and some minor language polishing should be corrected.
