Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: ESPSMan8613_Edited_WJGE.doc).

Title: Rare presentation of Primary (AL) Amyloidosis as GI Hemorrhage without Systemic Involvement

Author: Mohammad F. Ali , MD; Anik Patel , MD; Stephanie Muller , MD; David Freidel , MD;

Name of Journal: *World Journal of Gastrointestinal Endoscopy*

ESPS Manuscript NO: 8613

The manuscript has been improved according to the suggestions of reviewers:

1. Format has been updated in accordance with journal guidelines
2. Revisions have been made according to the suggestions of the reviewer
 - (1) The title has been changed to highlight the fact that the patient's diagnosis of primary (AL) amyloidosis was based on endoscopic findings and biopsy results in the absence of other systemic involvement in the setting of an acute gastrointestinal hemorrhage.
 - (2) The introduction section has been elaborated with regards to epidemiology of primary amyloidosis and gastrointestinal involvement.
 - (3) The discussion section has been strengthened with references to review articles and studies.
3. References (PMID and/or DOI) and typesetting have been corrected as requested

Thank you again for publishing our manuscript in the *World Journal of Gastrointestinal Endoscopy*.

Sincerely yours,

Mohammad F. Ali, MD
