

CARE Checklist – 2016: Information for writing a case report

Title Key Words 1 The words "case report" should be in the title along with the area of focus Key Words P1 Abstract 3a 3b Eackground: What does this case report "as one of the key words P3 Butroduction 4 The current standard of care and contributions of this case. P4 Introduction 4 The current standard of care and contributions of this case. P5 Patient Information 6a 5ch Chief complaint—what prompted this vist? P6 Physical Exam 7 Relevant history including past interventions and outcomes P6 Physical Exam 7 Relevant physical examination findings P5 Diagnostic Assessment 8a Evaluations such as surveys, laboratory testing, imaging, etc. P6 Diagnostic reasoning including other diagnoses considered and challenges P6 8c Consider tables or figures linking assessment, diagnoses and interventions P6 Prognostic characteristics where applicable P6 Interventions 9a 7 Types such as life-style recommendations, treatments, medications, surgery P6 P6 P6 P7 P6 Discussion 10b 10c (Inician assessment (and patient or client assessed outcomes when appropriate)	Topic		Item Checklist item description	Line/Page
Second				
Timeline 5 Information from this case report organized into a timeline (table or figure) P5 Patient Information 6b Chief complaint—what prompted this visit? 6c Relevant history including past interventions and outcomes P5 Physical Exam 7 Relevant physical examination findings P5 Diagnostic Assessment 8a Evaluations such as surveys, laboratory testing, imaging, etc. P5 Assessment 8b Diagnostic reasoning including other diagnoses considered and challenges P5 8c Consider tables or figures linking assessment, diagnoses and interventions P6 P6 P6 Interventions 9a Types such as life-style recommendations, treatments, medications, surgery P6 P6 Note changes in intervention with explanation P6 P6 Other concurrent interventions P6 F6 Other up and Outcomes 10a Other concurrent intervention with explanation P6 P6 Important follow-up diagnostic evaluations P6 P6 Important follow-up diagnostic evaluations P6 P6 Into with explanation of the patient or client assessed outcomes when appropriate) P6 P6 Into with explanation of intervention adherence and tolerability, including adverse events P6 <	Abstract	3b	Case summary: chief complaint, diagnoses, interventions, and outcomes	P3
Patient Information 6a b Chief complaint—what prompted this visit? Relevant history including past interventions and outcomes P5 F8 Physical Exam 7 Relevant physical examination findings P5 Diagnostic Assessment 8a b Diagnostic reasoning including other diagnoses considered and challenges P5 F8 Se Consider tables or figures linking assessment, diagnoses and interventions P6 F8 Interventions 9a Types such as life-style recommendations, treatments, medications, surgery Intervention administration such as dosage, frequency and duration P6 F8 Follow-up and Outcomes 10a Other concurrent interventions P6 Interventions P6 Important follow-up diagnostic evaluations	Introduction	4	The current standard of care and contributions of this case—with references (1-2 paragraphs)	P4
Chief complaint—what prompted this visit? P5 P6 P6 Relevant history including past interventions and outcomes P5 P7 P8 P9 P9 P9 P9 P9 P9 P9	Timeline	5	Information from this case report organized into a timeline (table or figure)	<u>P5</u>
Diagnostic Assessment Bab Diagnostic reasoning including other diagnoses considered and challenges Consider tables or figures linking assessment, diagnoses and interventions P5 P6 P7 P7 P8 P8 Prognostic characteristics where applicable Interventions P8 P9 Diagnostic reasoning including other diagnoses considered and challenges P7 P7 P8 P8 P8 P9 P9 Interventions P6 P6 P6 P6 P6 P6 P6 Other concurrent intervention such as dosage, frequency and duration P6 P6 P7 P8	Patient Information	6b	Chief complaint—what prompted this visit?	P5
Assessment 8b Diagnostic reasoning including other diagnoses considered and challenges 8c Consider tables or figures linking assessment, diagnoses and interventions 9d Prognostic characteristics where applicable Interventions 9a Types such as life-style recommendations, treatments, medications, surgery 9b Intervention administration such as dosage, frequency and duration 9c Note changes in intervention with explanation 9d Other concurrent interventions Follow-up and Outcomes 10b Important follow-up diagnostic evaluations 10c Assessment of intervention adherence and tolerability, including adverse events Discussion 11a Strengths and limitations in your approach to this case 11b Specify how this case report informs practice or Clinical Practice Guidelines (CPG) 11c How does this case report suggest a testable hypothesis? 11d Conclusions and rationale Patient Perspective 12 When appropriate include the assessment of the patient or client on this episode of care Promoted Consent 13 Informed consent from the person who is the subject of this case report is required by most journals	Physical Exam	7	Relevant physical examination findings	<u>P5</u>
Strengths and limitations in your approach to this case P6 P6 P6 P6 P6 P6 P6 P		8b 8c	Diagnostic reasoning including other diagnoses considered and challenges Consider tables or figures linking assessment, diagnoses and interventions	P5 P5
Outcomes 10b Important follow-up diagnostic evaluations 10c Assessment of intervention adherence and tolerability, including adverse events P6 Discussion 11a Strengths and limitations in your approach to this case 11b Specify how this case report informs practice or Clinical Practice Guidelines (CPG) P6 11c How does this case report suggest a testable hypothesis? P7 11d Conclusions and rationale P8 Patient Perspective 12 When appropriate include the assessment of the patient or client on this episode of care P7 Informed Consent 13 Informed consent from the person who is the subject of this case report is required by most journals P8	Interventions	9b 9c	Intervention administration such as dosage, frequency and duration Note changes in intervention with explanation	P6
11b Specify how this case report informs practice or Clinical Practice Guidelines (CPG) 11c How does this case report suggest a testable hypothesis? 11d Conclusions and rationale Patient Perspective 12 When appropriate include the assessment of the patient or client on this episode of care P7 Informed Consent 13 Informed consent from the person who is the subject of this case report is required by most journals P8	•	10b	Important follow-up diagnostic evaluations	P6
Informed Consent 13 Informed consent from the person who is the subject of this case report is required by most journals P8	Discussion	11b 11c	Specify how this case report informs practice or Clinical Practice Guidelines (CPG) How does this case report suggest a testable hypothesis?	P6 P7
	Patient Perspective	12	When appropriate include the assessment of the patient or client on this episode of care	<u>P7</u>
