JOURNAL EDITORIAL BOARD COMMENTS TO AUTHORS

In the conclusion the sentence Therefore, we suggest that early angiographic evaluation should be attempted in suspected post-LT arterial insufficiency cases, and intra-arterial PGE1 should be considered in patients with severe arterial spasm. In both places where it says should ...change it to to can (as this is not a proven therapy). Laos in the end, suggest future study or case series experience is suggested to explore the role of intraarterial PGE1 in this conditions
