**SPECIFIC COMMENTS TO AUTHORS**

This manuscript addressed a really nice and important topic, however, there are some minor issues before publication. 1. It would be better also to provide some information about the COVID-19 vaccination. 2. The COVID-19 pandemic has impacted children’s health developing new-onset metabolic disease like diabetes. This should be mentioned in the discussion. The authors may use the following papers: 10.1002/jmv.28833; and 10.1002/jmv.27996
