

16 November 2023

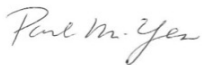

To Whom it May Concern:

I am a native English speaker and have reviewed the manuscript "Cell-type specific role of autophagy in the liver and its implications in NAFLD" by for World Journal of Hepatology by Raza *et al.* The senior author, Dr. Rohit Sinha has made the changes that I suggested.

Please feel free to contact me if you have any questions.

Thank you.

Sincerely,

Paul M. Yen, M.D.
