CERTIFICATE

Hereby I certify that statistical analysis of the article: **„Influence of Donor Age on Liver Transplantation Outcomes: A Multivariate Analysis and Comparative Study",** was performed and verified in the framework of activities of the Center of Excellence for Data Science and Cooperative Systems (project DATACROSS, European Regional Development Fund under the grant KK.01.1.1.01.0009) by Prof. Bojana Dalbelo Bašić (bojana.dalbelo@fer.hr), who is expert in data science, statistics, biostatistics, and machine learning, and also a member of the Croatian Biometric Society since 1992.

Sven Lončarić, Ph.D.

Professor and Head of Centre of Excellence
