

## Biostatistics statement

I have reviewed the statistical methods as reported by the Authors of the manuscript  
“Epidemiology, therapy and outcome of hepatocellular carcinoma between 2010 and 2019 in  
south-western Piedmont” and I confirm that they are appropriate for this kind of study.

Milan, 08/09/2023

A handwritten signature in black ink, appearing to read 'Giovanni Casazza', with a stylized, cursive script.

Prof. Giovanni Casazza

Full professor of Medical Statistics
