**Author:** Katharina B Wagner, Stephan B Felix, Alexander Riad

**Name of Journal:** *World Journal of Cardiology*

**ESPS Manuscript NO:** 9007

The manuscript has been improved according to the suggestions of reviewers:

Reviewer 1

We thank the reviewer for carefully handling our manuscript. As recommended, we changed the title of our article.

Reviewer 2

We thank the reviewer for careful criticism regarding our manuscript. It helped us to improve the quality of our article.

- As recommended, we added two additional figures, which gives an overview about TLR and NLR signalling
- As recommended, we added an abbreviation list
- We performed a new paragraph for the section „macrophages“
- As recommended, we deleted the section after ref 46 and integrated it in the next section
