To Whom May It Concern

I hereby certify that the English language used in the manuscript entitled "Contribution of TLR signaling to the pathogenesis of colitis-associated cancer in inflammatory bowel disease" (Authors: Ferenc Sipos, István Fúri, Miklós Constantinovits, Zsolt Tulassay, Györgyi Múzes; Journal: World Journal of Gastroenterology; ESPS No: 9799) is reliable and correct, and the language quality reaches at least "good (grade B)" level.

Budapest, 27th April, 2014.
