

ESPS Manuscript NO: 9991

Review article: hematopoietic stem cell transplantation for non-malignant gastrointestinal diseases

Abdulbaqi Al-toma, Petula Nijeboer, Gerd Bouma, Otto Visser, Chris Mulder

Language evaluation:

The manuscript has been revised by 2 colleagues who are native speakers of English; and also has been critically revised by one professional translator to English working at our department.

We believe that the language of our manuscript has reached Grade A.

Yours sincerely,

Dr. A. Al-toma
