

Point-by-point responses to the recommendations and comments of the reviewers and the editorial office team:

Thanks for the acceptance and for giving us the opportunity to revise this manuscript. We think that we were able to follow the recommendations of the reviewers and editors. We appreciate the time invested and comments provided.

Reviewers' comments:

Reviewer #1, ID 02699853

Congratulations for your well reported technical note. It is an interesting subject and a probably adequate solution.

We are glad that the reviewer judges our research as well reported and that he supports the publication of the manuscript.

Reviewer #2, ID 02705964

Very interesting technique. Introduction and discussion parts should be shorten.

The introduction and the discussion have been shortened as recommended. We are glad that the reviewer judges our research to be interesting and that he supports the publication of the manuscript.
