

## PEER-REVIEW REPORT

**Name of journal:** World Journal of Gastroenterology

**Manuscript NO:** 42573

**Title:** Endoscopic simulation: current status of evidence

**Reviewer's code:** 02917331

**Reviewer's country:** Japan

**Science editor:** Xue-Jiao Wang

**Date sent for review:** 2018-10-11

**Date reviewed:** 2018-10-15

**Review time:** 4 Days

### SPECIFIC COMMENTS TO AUTHORS

This is an interesting review article. The authors describes new topic regarding endoscopic simulation as education. I have one minor comment. 1. In Table 2, Abbreviations; OGD and ERCP should be spelled out.

### SPECIFIC COMMENTS TO AUTHORS

This is an interesting mini review on virtual reality simulation in endoscopy training. The authors presented all studies on simulation-based training and make meticulous discussion. The study is interesting for publication. Some minor issues: 1. No comment on the cost of such systems. Please make comments or present data if any. 2. Also no

separation between SBT on basic endoscopies (e.g. diagnostic gastroscopy or colonoscopy) and more advanced interventional endoscopies such as Mucosectomies and ERCPs. I think that no SBT is adequate for ERCP training and so some comments are necessary. 3. On table 2 page 7 Cohen instead of <<teach>> is <<reach the cecum>>.
