

Dear Editor,

My original research article entitled "Prognostic value of pretreatment-enhanced CT in esophageal neuroendocrine carcinoma: multi-center follow-up study" for consideration for publication in "World Journal of Gastroenterology".

This is a retrospective study, we have no signed informed consent form or document submit at this time.

Thank you for your consideration!

Sincerely,

A handwritten signature in black ink, appearing to read '高剑波' (Gao Jianbo), written in a cursive style.
