Re: Research Approval

Principal investigator: Prof. Ahmed Shorrab

Dear Prof. Shorrab,

The Ethics and Research committee of the University Hospital Sharjah is pleased to inform you that research proposal titled:

“A strategy for a more successful videolaryngoscopic intubation” has been approved.

Please make sure to provide the committee with six monthly updates about the progress of the research. If any changes in the methodology deem necessary, please inform the research and ethics committee before implementing the change.

The committee wishes you all the best.

Dr. Adnane Guella
Chairperson - Hospital Ethics and Research Committee
University Hospital Sharjah, United Arab Emirates
