

Response to reviewers

Reviewers' comments

The paper is well written and logically organized. No questions about design, methods, results and conclusion. Would recommend to quote: - Histopathology and Long-Term Outcome of Kidneys Transplanted From Donors With Severe Acute Kidney Injury. Cima L et al. Prog Transplant. 2019 Mar;29(1):36-42. doi: 10.1177/1526924818817054.

Response

Thank you so much for your valuable comments. We agree with reviewers and quoted "Histopathology and Long-Term Outcome of Kidneys Transplanted From Donors With Severe Acute Kidney Injury. Cima L et al. Prog Transplant. 2019 Mar;29(1):36-42. doi: 10.1177/1526924818817054" in our current article under discussion part
