To Whom It May Concern:

This is to confirm that Dr. Kameda's manuscript entitled, "Forearm Compartment Syndrome due to Acquired Hemophilia That Required Massive Blood Transfusions After Fasciotomy: A Case Report" has been edited by a native English speaker at Forte, Inc. Forte is a Japan-based company that employs editors and rewriters with a science background. We have been helping the Japanese scientific community to publish in international journals since 1987.

While this certificate confirms the authors have used Forte's editing services, we cannot guarantee that additional changes have not been made after our edits. Should you require any additional information about our services, please do not hesitate to contact our office.

Sincerely,

Forte, Inc.
