

## Non-Native Speakers of English Editing Certificate

I declare that the author of the revised manuscript titled (**Letter to the editor: Rates of readmission and reoperation after operative management of midshaft clavicle fractures in adolescents**) is non-native English speaker, but the revised manuscript has been reviewed for clarity by a colleague whose native language is English.

Mohamed Kamal Mesregah; MD, Ph.D.

21/2/2022

A handwritten signature in black ink, appearing to read 'Mesregah', with a long horizontal stroke extending from the bottom right.
