To Whom It May Concern,

Our editing company provided comprehensive editing services for the manuscript, entitled

***“Hydatid cyst of the pancreas: Report of an undiagnosed case of pancreatic hydatid cyst and brief literature review” by Akbulut, et al.***, which is under consideration for publication in your journal.

The edit was conducted as a line editing service, which ensured that all material is present as appropriate and will improve the overall English grammar presentation of the material by modifying syntax and word choice and correcting errors in spelling, punctuation and tense, while maintaining the author’s voice. The final version of the edited document (unprotected word .doc file) that AmEditor returned directly to the author had achieved a “Grade A” score of grammatical presentation (no language polishing required after editing).

Should you require any additional information, please do not hesitate to contact me.

Kind regards,

Jennifer C. van Velkinburgh, PhD
