

Dear Editor;

We made all corrections in according to reviewers' suggestion. All of the changes were highlighted in the text. We also explained all changes in the below:

*Name of Journal: World Journal of Rheumatology*

*ESPS Manuscript NO: 11743*

**Title: Diagnosis and pharmacologic management of neuropathic pain among patients with chronic low back pain**

Answer to Reviewer 1:

- In conclusion section, we added some criticism on the available evidence and identified the gap of knowledge for further study.
- We summarized the level of evidence of the efficacy of each treatment in conclusion section.
- The accuracy of reference and format was rechecked.

Answer to Reviewer 2:

- The using of tilidine in the neuropathic pain was added in the text.
- The using of ascorbic acid in the neuropathic pain was also added in the text.
- The well known PRICUS list of adverse drug in TCAs was cited.
- The declaration of conflict of interests was added.

Answer to Reviewer 3:

- The grammatical correction in the first sentence of the conclusion was done.
- The statement which include a lot of further research is required was added in the text.

Sincerely Yours.

Ferdi Yavuz; MD.
