

September 8, 2012

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 12185-edited.doc).

Title: Classification, diagnosis and treatment of ANCA-associated vasculitis

Author: Sergey Moiseev, Pavel Novikov

Name of Journal: *World Journal of Rheumatology*

ESPS Manuscript NO: 12185

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) "The addition of a few tables should enhance the quality of the message". The table was added.

(2) "Addition of a paragraph is recommended on 'Mechanisms of action of agents used to attain remission in WG and their effects on the immune system'. We concentrated on clinical evidence. The information about mechanisms of action of well known drugs is probable not very useful in this context. If the editor feels that this information is important we will add it.

(3) "Pneumocystis carinii is no longer used, it should be change to Pneumocystis jiroveci. Finally, the authors should add a table to sum up all clinical trials cited in the text." The term has been changed. The table was added.

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Sergey Moiseev, MD, professor
