Title: Methods of induced pluripotent stem cells for clinical application

Author: Tomohisa Seki, Keiichi Fukuda

Name of Journal: *World Journal of Stem Cells*

ESPS Manuscript NO: 12842

The manuscript has been improved according to the suggestions of reviewers:

1 Revision has been made according to the suggestions of the reviewer

(1) To attract more clinical physicians, we added a short paragraph about the real potentials of novel regenerative cell therapies using iPSCs in solving incurable diseases into the manuscript.

(2) We checked CrossCheck report which editor send to us. We revised our manuscript and checked citations to avoid misunderstandings of plagiarism. Although we tried to check revised manuscript by CrossCheck by ourself, we did not have CrossCheck ID and we couldn't use this service.

(3) We send the manuscript to the English language editing companies again. The manuscript was edited by American Journal Experts which is one of the English language editing companies permitted by the BPG's Revision Policies.

Thank you again for publishing our manuscript in the *World Journal of Stem Cells*.

Sincerely yours,
