Dear Editor,

This letter will confirm that all study participants, or their legal guardian, in the OSERCE2 Study (Study of Mineral and Bone Disorders in Chronic Kidney Disease in Spain) provided informed written consent prior to study enrollment.

Should you require additional information, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, consisting of a vertical line on the left, a curved line that loops around to the right, and a small horizontal stroke at the bottom right.

José L. Górriz
Principal Investigator
OSERCE2 Study
