Dear Editors,

As a professional translator, science editor and native English speaker from the United States, I am pleased to certify that I have translated the manuscript “Areas of research and clinical approaches to the study of liver abscess” in full from the original Spanish, upon commission by the document’s coauthor Dr. Gregorio González-Alcaide. I trust that the quality of the English meets the rigorous standards of your journal, and that the manuscript written by Dr. González-Alcaide and colleagues may be judged fairly on its scientific merits by your editorial team and peer reviewers.

For more information on my professional qualifications and experience, please visit my website.

Please do not hesitate to contact me if I can be of further assistance.

Sincerely,

Meggan Harris
