Minor language polishing is required, without any specific indications on different parts of the word-file. The manuscript is carefully re-evaluated with this focus, and opportunities of improvements have been identified. The list of corrections is as follows:

1. Line 2, p3: Missing parenthesis
2. Line 4 from below, p 5: Comma correction
3. Line 12, p 6: Lacking space (ESPAC 1)
4. Line 20, p 6: Borderline resectable added
5. Line 4, p 7: These (not this)
6. Line 4 from below, p 8: Worse – replaces poorer results
