Healthcare, Education & Research

20th March, 2017

This is to certify that I have reviewed the statistical methods of the following study
'Endoscopic Therapy for Biliary strictures complicating Living Donor Liver
Transplantation: Factors predicting better outcome' performed by Dr Harshavardhan
Rao B, Department of Gastroenterology, Amrita Institute of Medical sciences, Kochi,
India; and found that the statistical methods are adequately and appropriately
described when they are used to verify the results and statistical techniques are
correct.

Mr Unnikrishnan UG

MSc Statistics, Lecturer

Department of Biostatistics

Amrita Institute of Medical Sciences

Kochi, Kerala, India.
