

Certificate of Proofreading

June 10, 2017

We certify that the manuscript entitled " Uncut Roux-en-Y versus Billroth II reconstruction after distal gastrectomy for gastric cancer: which technique is better for avoiding biliary reflux and gastritis? A randomized controlled trial." was edited by a native English speaker-- Yilia, who is knowledgeable in this field.

Sincerely,

Quan Wang, 
Department of Gastrointestinal Surgery,
First Hospital of Jilin University,
Changchun, China
