Advances in endoscopic balloon therapy for weight loss and its limitations

Vyas D *et al.* Gastric Balloons for weight loss.

Dinesh Vyas, Kaivalya Deshpande, Yagnik Pandya

Abstract

The field of medical and surgical weight loss is undergoing an explosion of new techniques and devices. A lot of these are geared towards endoscopic approaches rather than the conventional and more invasive laparoscopic or open approach. One such recent advance is the introduction of intragastric balloons. In this article, we discuss the recently Food and Drug Administration approved following balloons for weight loss: the Orbera™ Intragastric Balloon System (Apollo Endosurgery Inc, Austin, Texas), the
