Rochester, MN 55905

**To the Editors at World Journal of Gastroenterology:**

This letter is to inform you of my role as statistician for the manuscript “Isolated Hepatic Non Obstructive Sinusoidal Dilatation, 20-year Single Center Experience” by Dr. Sunjaya and colleagues. I consulted on the design and statistical analyses for this study, and helped draft and edit the manuscript for scientific and statistical soundness.

Sincerely,

*Ryan J Lennon*
