From bench to bedside: Fecal calprotectin in inflammatory bowel diseases clinical setting

Mumolo MG *et al.* An updated review of FC in IBD

Mumolo Maria Gloria, Bertani Lorenzo, Ceccarelli Linda, Laino Gabriella, Di Fluri Giorgia, Albano Eleonora, Tapete Gherardo, Costa Francesco

Abstract

Fecal calprotectin (FC) has emerged as one of the most useful tools for clinical management of inflammatory bowel diseases (IBD). Many different methods of assessment have been developed and different cut-offs have been suggested for different clinical settings. We carried out a comprehensive literature review of the most relevant FC-
