## Match Overview

There are no matching sources for this report.

**Name of Journal:** *World Journal of Gastrointestinal Surgery*

**Manuscript NO:** 41340

**Manuscript Type:** META-ANALYSIS

**Systematic review of cystic duct closure techniques in relation to prevention of bile duct leakage after laparoscopic cholecystectomy**

Aafke H van Dijk, Stijn van Roessel, Philip R de Reuver, Djamila Boerma, Marja A Boermeester, Sandra C Donkervoort

### Abstract

#### Aim

To study the effect of different techniques of cystic duct closure on bile leakage after laparoscopic cholecystectomy for biliary disease.
