The above study and Emmanuel Selvaraj, the Clinical Research Fellow conducting this research, receive funding from the NIHR Oxford Biomedical Research Centre (OBRC) Imaging Theme. As the Imaging Theme Lead, I, Prof. Stefan Neubauer am writing to confirm that the MoBILISE study received an annual staff budget of £46,921, and consumables budget of £13,947 for 2017/18. The funding is proposed to run for 5 consecutive years (April 2017 to March 2022), and is subject to annual review based on completion of the proposed deliverables.

Yours sincerely,

A handwritten signature in black ink that reads 'Stefan Neubauer'.
