#### **SPECIFIC COMMENTS TO AUTHORS**

The article with the title "Role of Monoclonal Antibody drugs in the treatment of COVID-19" is in generally well done, but I would offer these comments to the investigators: 1) Some spelling mistakes throughout manuscript. Please revise. 2) Please revise the sentence "For this reason drugs blockers inflammatory reaction such as IL-1 blockers.." 3) It strongly proposes a figure with the jack/stat signaling pathway and its effect on cytokines' regulation. 4) Please provide more agents against IL-1, IL-6 and jack/stat. Moreover a second table with clinical trials (numbers, specification etc) in other inflammatory diseases beside SARS-CoV-2 will be useful.
