

Biostatistics statement

June 2020

To whom it may concern,

The Bioelectrical Impedance Vector Analyses (BIVA) evaluates cellularity and hydration in cirrhotics

Universidade Federal de Ciências da Saúde de Porto Alegre

This letter is to confirm that I have read the ethics application prepared for this study, and that, in my opinion, the statistical methods and techniques mentioned are appropriate for the research.

Please contact me if you have any queries.

Sincerely,

Ceres Andréia Vieira de Oliveira
