Vaycheslav Egorov, MD, PhD  
Dmitry Shchekochikhin, MD  
Mikhail Viborniy, MD  
Vadim Sizov, MD  
Sergey Terekhin, MD  
Olga Durnetsova, MD

#### Committee secretary

Grigoriy Bolshakov  
Anastasia Los

#### Committee meeting agenda.

##### Ethical approval of two research studies:

- The study of safety and efficacy of the pancreas-preserving duodenectomies for treatment of the cystic dystrophy of the duodenal wall ("groove pancreatitis");
- The study of safety and oncological outcomes of the pancreatectomies, associated with arterial resections, including the cases without arterial reconstruction, for pancreatic malignancy.

#### Decision point (consensus decision)

The Ethics committee of the Ilyinsky hospital approves the implementation of the above research work and recognizes both studies as ethically correct.

Research supervisor - **Vaycheslav Egorov**, MD, PhD.

Alexei Zhivov, MD, PhD  
Chairperson of the Ethics committee
