Results of the 2020 CanHepC Trainee Competition

Dear Ms. D'souza,

It gives us great pleasure to inform you that the Education and Selection Committee has reviewed and accepted your application for a trainee position within the Canadian Network on Hepatitis C with Dr. Carla S. Coffin and Dr. R. Trushar Patel as your mentors.

In accord with your acceptance, the CanHepC will guarantee a Master stipend of **\$20 000 per annum**, beginning from July 2020, renewable for a period of 2 years. Renewed membership and affiliation with the CanHepC is subject to the conditions outlined in the attached *CanHepC Conditions of Acceptance Form*.

In order to free up funds for the training of other researchers you are required to apply for other sources of salary support outside of the CanHepC starting the first year in the program. Trainees who secure external funding are given supplemental funding to a maximum of \$5,000.00 per annum.

Failure to apply for external funding and/or inability to satisfy the outlined conditions may result in termination of membership with the CanHepC. The administrative coordinator will help you fulfill your responsibilities to the program.

You will also find attached the Scientific Officer notes regarding your application. We hope that you will find this feedback useful.

Congratulations on your successful application and welcome to the Canadian Network on Hepatitis C.
